Yes! I want to support the Text to Terabyte Project!

The Text to Terabyte project is a joint project between the Mennonite Heritage Centre and the Centre for Mennonite Brethren Studies. With new challenges facing archives, this project is designed to raise funds to help preserve and make accessible records at the two national Mennonite archival centres. These materials document God's story in the life of the Mennonite and Mennonite Brethren Churches.

For a minimum donation of \$30 choose one of the following titles by Winnipeg film producer Otto Klassen. Other titles available upon request. (You will receive a \$25 donation receipt for a \$30 donation). For more information on this project read the article in the *Mennonite Historian* June 2009.
